President's Corner

I'm encouraged by the attendance of last month's meeting. We had almost 200 members attend the January luncheon. I hope you all enjoyed the presentation about geology. As accountants sometimes we may forget that "it's all about the rocks". I know the committees had some really good discussions last month. In particular, an ONRR representative spoke to the revenue committee for over 2 hours and was very helpful in answering many questions.

We are finalizing details for the April Dinner. It will be held Tuesday, April 10 at the Aquarium in Jenks. More details to follow.

As always, this is your organization. Let me know what suggestions for improvement you have.

Committee Notes

EDUCATION COMMITTEE

Committee Notes

Please join us for our next committee meeting where we will be planning our next education seminar and receive and update on the ONRR workshop scheduled for February 2013.

Education Committee meetings are normally the third Thursday of each month at the Williams cafeteria during lunch. If you are interested in helping plan educational opportunities or just learning more about the committee please contact the committee chair, Erin Webb, at ewebb@samson.com or (918) 591-1337.

Joint Interest Committee

The Joint Interest Committee met on January 17th immediately following the PASO Luncheon. We discussed items to be presented and voted on during the Joint Interest Committee meeting in Houston on January 26th.

We had a great round table discussion regarding chargeability of a field engineer and an Operations Manager.

Our next meeting will immediately follow the PASO Luncheon on February 21st. We will meet in the Diplomat Room of the Hyatt Regency. We plan to review items from the Winter meeting in Houston and Ken Jarrett will give an update on revisions to MFI-35 Training Costs.

Look forward to seeing you on the 21st!

Thanks,

Randy Wickizer, PASO JI Chair
